Description of quality, condition, size and amenity of common areas to which a person living in this room would have access

Each house (there are three) has a well appointed central dining and lounge area. The lounge areas are all unique. A large screen TV is available in two of the houses, and a library in another. Decor in each house has been designed to be as home like and comfortable as possible. There is a hairdressing salon on site. The facility has easy access to public transport and our own bus for outings. Residents are encouraged to spend time in the lounge area of their choice and it is not uncommon to see a group playing cards, scrabble or board games at one of the tables in any of the houses.
